APPEAL BRIEF

I. REAL PARTY IN INTEREST

The real party in interest is Telefonaktiebolaget L.M. Ericsson.

II. RELATED APPEALS AND INTERFERENCES

There are no related appeals or interferences to the best of Applicant's knowledge.

III. STATUS OF CLAIMS

Claims 1-29 stand pending in the application, with claims 10-20 allowed and claims 1-9 and 21-29 rejected. Applicant appeals the rejection of claims 1-9 and 21-29.

IV. STATUS OF AMENDMENTS

All amendments have been entered.

transmitters and the wireless receiver by adjusting said propagation channel estimates to reduce said determined interference.

IX. CONCLUSION

The pattern adopted by the examiner in all of his rejections is one of verbatim copying Applicant's claim language, and then citing to sections of Harrison unrelated to the claim limitations in question, or simply misstating the teachings of Harrison. The examiner is obligated to establish a factual record supporting his claim rejections, and, in this case, the examiner's statements regarding the teachings of Harrison are so completely at odds with the actual teachings of Harrison that it is not an exaggeration to state that the prosecution record is devoid of any factual support for any of the claim rejections.

Respectfully, Applicant believes that the Board need do no more than read Harrison, and then read the examiner's Final Rejection, to conclude that the examiner misunderstands Harrison, misstates the teachings of Harrison, and misapplies the laws of anticipation and obviousness. Thus, for these reasons, and for all of the reasons given above, Applicant respectfully requests the Board to reverse the examiner on all outstanding rejections.

Respectfully submitted,

COATS & BENNETT, P.L.L.C.
